

7/7/2016

Hello again, everyone –

The attachment that was sent out with the previous DaneCom Outreach email may have caused a bit of confusion for some, as the times listed in the agenda were noted in 24 hour (or “military”) time.

I’ve attached another agenda for the July 12th meeting. There are no changes other than replacing the 24 hour times previously noted with the more widely-known 12 hour (AM & PM) time format.

I’ll take this opportunity to once again encourage you and/or representatives of your organization to attend. **Parking is free!**

This is an important part of keeping you all up-to-date on the DaneCom radio system and what you need to do to ensure your entity is ready when DaneCom is fully in service.
